Dear Ms. Friesen:

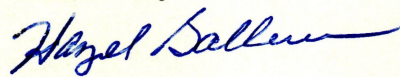

In reply to your letter of April 9, 1974. Thank you so much for the literature for our Coin Week.

I am sending the names of people that will be helping the Warner Robins Coin Club to observe National Coin Week per you requested.

The radio, and television stations, we would like to present a hand-lettered certificate to the stations not to individuals, as there are so many helping.

Would appreciate these as to your convenience.

Sincerely

Hazel Ballew
